Subject: Bay Delta

Tomas – I wanted to give you a heads up. The transmittal of the recently amended Bay Delta plan by the State Water Board to USEPA will occur shortly -- after OAL approves the plan amendments. The earliest that approval could occur would be around February 25. A Board letter to USEPA would follow in early/mid March depending on the exact OAL timing. The Board is likely to be seeking EPA review and approval on the salinity objectives in the Southern Delta. Please feel free to contact Michael Lauffer if you have additional questions. Regards. Eileen.

Eileen Sobeck
Executive Director
State Water Resources Control Board
